

Construction and sale of apartments in the Neslovice apartment building

- **Investor:** MEVOS development, s.r.o.
- **Construction date:** 2018-2021
- **About the project:**

The new apartment building was built in the village of Neslovice, 20 km far from Brno, with two above-ground floors, one underground floor and a used attic under a gable roof. The floor plan of the building is trapezoidal, dimensions 37.70-47.80 x 16.96 m, built-up area 787m².

In the 1st floor there are cellar spaces, a technical room and two commercial spaces with facilities, accessible from the adjacent sidewalk. The main entrance to the building and 9 apartments is located on the 1st floor. There are in total 9 apartments on the 2nd floor and 9 apartments in the attic. The total number of apartments is 27. The building was approved in June 2021, and in the same year all apartments were handed over to new owners and the „SVJ“ owners association was established.

In front of the house, there are 19 parking spaces, from which there is convenient access to the house through the back entrance at the level of the 1st underground floor.

The entire investment was around 60 Mio CZK
